Sweet Kisses

Noorkuu

Couldn?t look me in the eye
He apologizes
He didn?t make enough
To take me out tonight
I beg him not to worry
Please don?t turn away
I don?t need a world of riches
I just need a little time with you and
Sweet kisses
All I really need is
Sweet kisses
That?s what moves me
In his lips are pure emotion
He smiles because he knows
How much I love the way
He makes me feel inside
He answers all my wishes
Who could ask for more
Doesn?t have to say I love you
All I need he tells me with his
Sweet, sweet kisses, baby
All I really need is
Sweet kisses
And that?s what moves me
He heals me, he touches me
Down to my soul
My heart?s beating out of control
Oh, oh I just need a little time with you
Sweet kisses, baby
All I really need is
Sweet kisses
And that?s what moves me
Sweet kisses, baby
It's all I really need from you
Don?t need you money, baby
Just want your time now, baby
'Cause that?s what moves me honey
Sweet kisses
Sweet kisses

Oh, your kisses
And that?s what moves me
Sweet kisses
