

Time & Place

Nightlands

Yeahhh

Here I am sittin' in this fly ass hotel over Miami

Just watching the birds fly over the ocean

I guess I'm kinda trippin'

'Cause I'm kinda high

And don't give a fuck

So I wanna come at you on the real, baby

And let you know how I feel

You know, for the last few days

I've been watching you, all by my lonely

With your little friends

I see how you make them laugh

I've been kinda envious of your friends

'Cause it's like, they're so close to you

And I can't find the right things to say to get close to you

This is the only time in my life that money doesn't matter

The only thing that matters is finding the perfect place for me and you

So if you got the time, I got the place

One, two, three seconds are gone

Coulda been gone

A long time ago

So baby don't be shy

Tell your girlfriend bye bye so we can roll

And we can get nasty on the way

My car's got tint, so they won't see your face

There's no need to -

Ohhh, what I wanna do to you is right, babe

You've got the time, I've got the place

For everything, where me and you can hang

You've got the time, I've got the place

For everything, so baby don't be ashamed

You've got the time, I've got the place

For everything, where me and you can hang

You've got the time, I've got the place

For everything, so baby don't be ashamed

So baby check me out

I got a little place where we could hang out

No one will come around

So tell me if you're down

Have no doubt about us
I know you've got the time
'Cause baby I was seein you
 Nothin on your mind
 So put your thought to use
 And think about me and you
 Just getting loose
 You're gonna love me
 All night long
 So let's get it on
 Let's get it on
 All night long, to the early morning
 You've got the time, I've got the place
 For everything, where me and you can hang
 You've got the time, I've got the place
 For everything, so baby don't be ashamed
 One two, girl one two
 Girl get in the car
 And we can go very far
 While I be pumpin' up the good time
 So can you tell what's poppin
 There aint no stoppin
 'Cause baby I'm droppin'
 Those something lines
 To get you in the back of my ride
 You got the tizzime
 So baby won't you get on the side
 Check it
 You're gonna love me
 All night long
 So let's get it on
 Let's get it on
 All night long
 To the early morning
 You've got the time, I've got the place
 For everything, where me and you can hang
 You've got the time, I've got the place
 For everything, so baby don't be ashamed
