## Enter Shikari

Shit!

Shit!

"I've been hiding here for a thousand years, waiting for your ghost"

"I've been hiding here for a thousand years, waiting for your ghost"

Your life's about to flash before your eyes

Your life's about to flash before your eyes

Stand your ground; this is ancient land

I was guided here by the spirit's hand

We shall meet, at Hells gate

This is fate (This is fate)

This is fate (This is fate)

"Not all is lost" the spirits cry

You will be hunted, we shall seek

Perseverance, turn the page

Enter shikari, enter shikari

We're not hiding (We're not hiding)

We're not hiding (We're not hiding)

We're not hiding (We're not hiding now)

I'm in the zone

I'm in the zone

Alright

And still we will be here standing like statues

And still we will be here standing like statues

And still we will be here standing like statues

And still we will be here standing like statues

And still we will be here standing like statues

And still we will be here standing like statues
