In Clover

Joywave

They will never walk away
They will never walk away
From you

They will never run astray
They will never run astray
From you

This could be fantasy
Now that I'm everything that I'm supposed to be

Clover
I'll be clover soon
I'll be in clover
I'll be in clover with you

They will never walk away
They will never run astray
From you

This could be ecstasy
Now that I'm everything that I'm supposed to be

Clover
I'll be clover with you
I'll be in clover
I'll be in clover with you
I'll be in clover
I'll be in clover soon
I'll be in clover
I'll be in clover with you

I'll be in clover
I'll be in clover with you
I'll be in clover
I'll be in clover with you
