Against the World - Warner/ Chappell Productions

You wanna try me. You wanna try me.
You wanna try, you wanna try, you wanna try me.
You wanna try me? Well here you go.
You wanna try me? Well here you go.

Okay they canâ€™t stop what they canâ€™t hold. Canâ€™t rock what they canâ€™t go. Canâ€™t top, what they canâ€™t flock. Cause i know the things they canâ€™t know.

But listen, weâ€™re in my position. You gotta go take yours, we on a mission, with every decision its like an engrave, yo.

And i ainâ€™t gonna let it go picture me dull, nor picture me fall. To the waste side, were i canâ€™t slide. To the poin where itâ€™s really in my face time.

Now Now i aint looking for sympathy, or envy in my frenzy. Itâ€™s me against that world, because the world seems to be against me.

I roll it. And they aint gonna roll over me, cause Iâ€™m going. Taking everything that I see and thatâ€™s so to me. Yo know it. You know that Iâ€™m gonna raise above. Iâ€™m sure of it. The world that i was put here, to do the things better.

You know its me, against the world. I got my life. i got my girl. Itâ€™s what i need, itâ€™s what i want. You wanna try me? Well here you go.
You know its me, against the world. I got my life. i got my girl. Itâ€™s what i need, itâ€™s what i want. You wanna try me? Well here you go.

You cross maps, but donâ€™t cross me. Cause the last dude, that tried to do that, turned costly. What I mean is that it went off. It cost me. This one had to get him off me. Cuz i aint gonna be the ball G. Tryin to be Bill Cosby.

Coming for me, i see em coming for me. And that's the cost you gotta pay, cause there aint nothing but free. Cause as long as I keep me, right. as long as I keep me tight. Imma keep this moving on, like i was at a green light.

I roll it. And they aint gonna roll over me, cause Iâ€™m going. Taking everything that I see and thatâ€™s so to me. Yo know it. You know that Iâ€™m gonna raise above. Iâ€™m sure of it. The world that i was put here, to do the things better.

You know its me, against the world. I got my life. I got my girl. Itâ€™s what i need, itâ€™s what i want. You wanna try me? Well here you go.
You know its me, against the world. I got my life. I got my girl. Itâ€™s what i need, itâ€™s what i want. You wanna try me? Well here you go.

Well here you go, yeah. Well here you go, yeah. You wanna try me? Well here you go.
Well here you go, yeah. Well here you go, yeah. You wanna try me? Well here you go.

You wanna try me. You wanna try me.
You wanna try, you wanna try, you wanna try me.
You wanna try me? Well here you go.
You wanna try me? Well here you go.

You know its me, against the world. I got my life. i got my girl. Itâ€™s what i need, itâ€™s what i want. You wanna try me? Well here you go.
You know its me, against the world. I got my life. i got my girl. Itâ€™s what i need, itâ€™s what i want. You wanna try me? Well here you go. Yeah
