Professional Loving

Emika

I love, you love, this love. We're professional.
I know, you know, we're sophisticated... at loving, loving, loving...
We're professional.

What every taste declined... I want every bite? (x2) (I'm wondering why?)

I love, you love, this love. We're professional.
I know, you know, we're sophisticated... at loving, loving, loving...
We're professional.

What every taste declined... I want every bite? (x2)
I want every bite, bite, bite, bite, bite, bite, bite, bite, bite...
