True to Me

Brownstone

Everything must change
But not for me
I still believe in my song
I'm gonna do my thingI'll never change my swing
In my younger days, if I was here
The music real and I sing
What I was born to do
To make it last for youCheck out my joint, it's kinda hot but it's goin' strong
I'll never sacrifice my groove, I'll never change my song
And by the way I'm doing this song 'bout you're staring
What does the music have to do with what I'm wearingYou wanna see my grooves, I'm sorry that is not for me
Why must you take your mind somewhere it doesn't have to be
Let your focus be the fat sound you're hearin'
Lyrics, you will see, now, what I'm feelin'True to me from my soul
Can you get with it
I did it all legit, yeahCrazy grooves, moving flows
Can you get with it
I did it all legit, yeahOoh, as the music plays
I wanna sway, side to side, feelin' good
Never thinkin' of the right or wrong ways
On and on and on, my dayPump this heavy bass
Never stop, keep it up, never change
Soul is where this groove of mine stays
Follow closely in my mazeCheck out my joint, it's kinda hot but it's goin' strong
I'll never sacrifice my groove, I'll never change my song
And by the way I'm doing this song 'bout you're staring
What does the music have to do with what I'm wearingYou wanna see my grooves, I'm sorry that is not for me
Why must you take your mind somewhere it doesn't have to be
Let your focus be the fat sound you're hearin'
Lyrics, you will see, now, what I'm feelin'True to me from my soul
Can you get with it
I did it all legit, yeahCrazy grooves, moving flows
Can you get with it
I did all legit, yeah
So true to meHey, believe me, I need it because it's so free
Can't let go 'cause it's got such meaning
I don't need to hear what you think I ain't doin'
I know I got a crazy groove for showin'No needin' [Incomprehensible] around with sex
Or usin' one woman parts 'cause makin' good music

Never took away the dancin' and the groovin', I said, and movin'
And if you're dancin' close to jolly see we're always groovin'True to me from my soul
Can you get with it
I did it all legit, yeahCrazy grooves, moving flows
Can you get with it
I did it all legit, yeahTrue to me from my soul
Can you get with it
I did it all legit, yeahCrazy grooves, moving flows
Can you get with it
I did it all legit, yeahTrue to me from my soul
Can you get with it
I did it all legit, yeahCrazy grooves, moving flows
Can you get with it
I did it all legit, yeahTrue to me from my soul
Can you get with it
I did it all legit, yeah
