

Outta My Head

Tommy & The High Pilots

You take me outta my head
outta my head into my, body.
Now I don't feel so bad,
No I don't feel so bad .
When you take me outta my head, outta my head
into my body.
Now I don't feel so bad,
No I don't feel so bad

The lights go down now,
day disappears.
Yeah you put me on,
oh the mess I'm in ,
I lose myself yeah oh.
Can you please hold me down,
until I come around.
Your hair in my face,
now I can't escape.
losing myself at you-oo-hoo.

You take me outta my head
outta my head into my, body.
Now I don't feel so bad,
No I don't feel so bad.
when you take me outta my head, outta my head
into my body.
Now I don't feel so bad,
No I don't feel so bad

Known you forever
But not like this
you reaching out to me
there's no boundaries
losing myself yeah you-oo-hoo-hoo
And I'll be coming back
When I think that I needed you.
All my energy
will return to me

losing myself to your moves.

You take me outta my head
outta my head into my, body.

Now I don't feel so bad

No I don't feel so bad

when you take me outta my head, outta my head
into my body

Now I don't feel so bad,

No I don't feel so bad.

Away out of real life,
away now I am a lie.

All those heroes on your wall,
watching as we tease them all,
ouch me now and take me far away.

Yeah

You take me outta my head
outta my head into my, body.

Now I don't feel so bad

No I don't feel so bad

when you take me outta my head, outta my head
into my body

Now I don't feel so bad,

No I don't feel so bad

(you take me) out of me head
(You take me) Out of me head
(you take me) out of my head
I don't feel so bad.

(you take me) Out of my head
(you take me) out of my head
I don't feel so bad.
