

Lichtenstein Painting

Television Personalities

She reminds me of a Liechtenstein Painting
That hangs on the wall of famous halls
In galleries around the worldShe reminds me of a Liechtenstein Painting
I saw in a book, "Oh Jeff I do love you but..."
She's the Sleeping GirlAnd when she's here I feel so glad
But when she's sad then I cry too
She looks like the drowning girl
Send for International RescueAnd if she smiles then I smile too
It really makes my day
I only wish she'd stay that way
La la la la love you
