

Dead 2 Me

CeCe

You call me up
As if you did nothing wrong
You say what's up
As if hasn't been long

Oh, hi silly boy
Do you remember how it all went down?
Well I'm not done
Anymore I won't make the same mistakes
The ones that I make before
And I carefully got you think that it's ok
With me for you to call me now

You killed our love, like, I'll beat it up, like
I'll murder us, like
Don't even talk to me
Boy cause you're dead to me
You're dead to me
You're dead to me

Don't even talk to me
Boy cause you're dead to me
Yeah, you're dead to me
What do you want
Is there anything else that you could take
From me for yourself
Oh haven't you already done enough baby get out

You killed our love, like, I'll beat it up, like
I'll murder us, like
Don't even talk to me
Boy cause you're dead to me
You're dead to me
You're dead to me
Don't even talk to me
Boy cause you're dead to me

You're dead to me
You're dead to me
You're dead to me
Don't even talk to me

Boy cause you're dead to me

Yeah, you're dead to me

Yeah, you're dead to me

Oh baby I've messed this up big time

You took another commitment honey

Oh baby I've messed this up big time

You took another commitment honey

Cause you're dead to me

You're dead to me

You're dead to me

You're dead to me

Don't even talk to me

Boy cause you're dead to me

You broke my heart, like

You gave me scars, like

I ripped apart, like

Don't even talk to me

Boy cause you're dead to me
