Natural High

HammerFall

Last night I had a vivid dream,
I found a place where nothings what it seems,
Im bound to walk this earth alone,
I am a hunter and the heir to the throne,The chase of blood and sweet revenge,
It keeps on hammering in my head,
The urge to kill is getting stronger,
Im south of heaven, north of hell,
My final place to dwell,Surrender your soul,
Surrender your pride,
Please enter my dream,
Find your natural high,
Youve got nothing to fear,
Cause your rebirth is near,The battle rages deep inside,
No where to run for my eternal bride,
And when the darkness comes around,
I come alive, cause for your sweet blood I am bound,I taste your blood so bitter sweet,
Come ease my pain get on your knees,
You know true love is meant to be,
Forever is now what it seems,
This is your final scream,Surrender your soul,
Surrender your pride,
Please enter my dream,
Find your natural high,
Youve got nothing to fear,
Cause your rebirth is near,So you are born again,
To a far higher plane,
In my dark neverland youre part of the game,
Forever we are, forever well be,
Were forever free,[Solo: Stephan]
[Solo: Oscar]Surrender your soul,
Surrender your pride,
Please enter my dream,
Find your natural high,
Youve got nothing to fear,
Cause your rebirth is near,
