

# The Love I Meant To Say

**Jimmy Collins**

Over, I can't believe it's over  
I can't believe the love I lived  
To show some other day

Listen, I hope that you can hear me  
As I kneel down and pray  
With the love I meant to say

Shadows, you took away the shadows  
Before your life was black and white  
Though tonight the room's gone gray

Golden, all the love you gave was golden  
Golden, I would gladly pay,  
To show the love I meant to say

Oh, music you made me hear, such music  
Without you hear to guide me,  
I feel as though I'll fly away

Sorry, that's the word I want to sing to you  
The other word is stay  
To hear the love I meant to say

---
