

Secrets

Sylver

You said there's no solution here to find
You went away and left it all behind
I tried to open up your heart
But we always ended up apart All those secrets I could not reveal
Secrets made you cold as steal
All those secrets that you tried to hide
You didn't need me by your side I used to think our love was so sincere
But after every fight you disappeared
You tried to put the blame on me
But you won't get away so easily All those secrets I could not reveal
Secrets made you cold as steal
All those secrets that you tried to hide
You didn't need me by your side You said there's no solution here to find
You went away and left it all behind
I tried to open up your heart
But we always ended up apart All those secrets I could not reveal
Secrets made you cold as steal
All those secrets that you tried to hide
You didn't need me by your side Secrets, I could never tell
Secrets kept me in a shell
Secrets that you've tried to hide
You didn't need me by your side All those secrets I could not reveal
Secrets made you cold as steal
All those secrets that you tried to hide
You didn't need me by your side
