Secrets

Sylver

You said there's no solution here to find You went away and left it all behind I tried to open up your heart But we always ended up apartAll those secrets I could not reveal Secrets made you cold as steal All those secrets that you tried to hide You didn't need me by your sideI used to think our love was so sincere But after every fight you disappeared You tried to put the blame on me But you won't get away so easilyAll those secrets I could not reveal Secrets made you cold as steal All those secrets that you tried to hide You didn't need me by your sideYou said there's no solution here to find You went away and left it all behind I tried to open up your heart But we always ended up apartAll those secrets I could not reveal Secrets made you cold as steal All those secrets that you tried to hide You didn't need me by your sideSecrets, I could never tell Secrets kept me in a shell Secrets that you've tried to hide You didn't need me by your sideAll those secrets I could not reveal Secrets made you cold as steal All those secrets that you tried to hide You didn't need me by your side
