

# Sister, o sister

John Lennon

We lost our green land  
We lost our clean air  
We lost our true wisdom  
And we live in despair O sisters, O sisters  
Let's stand up right now  
It's never too late  
To start from the start O wisdom, O wisdom  
That's what we ask for  
And yes, my dear sisters  
We must learn to ask O wisdom, O wisdom  
That's what we ask for  
That's what we live for now O wisdom, O wisdom  
That's what we ask for  
That's what we live for now O sisters, O sisters  
Let's wake up right on  
It's never too late  
To shout from our hearts O freedom, O freedom  
That's what we fight for  
And yes, my dear sisters  
We must learn to fight Freedom, O freedom  
That's what we ask for  
That's what we live for now Freedom, O freedom  
That's what we ask for  
That's what we live for now O sisters, O sisters  
Let's give up no more  
It's never too late  
To build a new world New world, O new world  
That's what we live for  
And yes, my dear sisters  
We must learn to live New world, O new world  
That's what we live for  
That's what we must now learn to build  
New world, O new world  
That's what we live for  
That's what we must now learn to build New world, O new world  
That's what we live for  
That's what we must now learn to build  
New world, O new world  
That's what we live for

That's what we must learn to build
