

# Youth, Betrayal and the Awakening

## Union 13

Youth, betrayal and the awakening  
Youth, betrayal and the awakening You're not exactly sure what you should be  
A million things will happen to you if you just agree  
Will you end up losing?  
Will you find yourself on a hopeless side-trip?  
For someone else all things end well?  
Am I fooling myself? Youth, betrayal and the awakening  
Youth, betrayal and the awakening The future looks so bright it's hard to see  
The threat of being forgotten is a possibility  
Will I end up losing?  
Will you find yourself on a hopeless side-trip?  
For someone else all things end well  
Am I fooling myself?
