I Am Love

Sweetbird

I am not passers by
I am not a white lie
An' I am not left to die
I am love, I am love
I am not feeling sad
I am not the new fad
An' I am not quickly mad
I am love, I am love
You can try to hide
You can try to run
But you'll never run as far enough
This is my flesh, this is my blood
And I am love
You can fly up high
You can dig down deep
You can flee to the west
Flee to the east
But you can't escape what I've done
'Cause I am love
I am not standing by
I am not letting go
An' I am not leaving you
I am love yeah, I am love

You can try to hide
You can try to run
But you'll never run as far enough
This is my flesh, this is my blood
And I am love
You can fly up high
You can dig down deep
You can flee to the west
You can flee to the east
But you can't escape what I've done
'Cause I am love
You can try to hide
You can try to run
But you'll never run as far enough
This is my flesh, this is my blood

And I am love
Yes I am love
I am love
My blood fell like rain
I did not bleed in vain
But from my veins
I am love, I am love
