

Right There (feat. Yazz)

Empire Cast

Put that over here
Smack that sh-t right there

Put that over there
Smack that sh-t right here
Put that on the right side
Smack that sh-t right there

Put that on the left side
Smack that sh-t right here

Smack that sh-t right there
Smack that sh-t right there
Smack that sh-t right there
Smack that sh-t right there

Shorty on the right side
Smack that sh-t right there
When I pull up on the corner
They say
Smack that sh-t right there

Lights, camera, action
Tonight gonna be a movie
I just ordered fifty bottles of Serafino Goose
I got bad women everywhere
At least three of them choosing red
Bottoms on the sofa
Something VIP see
For being young and reckless
Wild and perfectious
Who honey honey on the strip but ain't for Vanessa
But I don't give a what
I'm just doing what I want
See I'm young and I got money
Light it up just like a blunt

Play this on the sideline
I don't really care
Stacking money to the ceiling
And we balling everywhere
Highest state of mind

This is our year
Trance of America
I'm that sh-t right there
