

# Electrified (Extended Version)

[Andreea Banica](#)

You've been watching move  
When i dance in the light  
Watching me move when i get down tonight Come on, come on on the floor  
Come on what you're waiting for ?  
Get up, get up, start the party  
Get up, get up let's get naughty I want your body close to me  
Cause baby, i need some company, yeah I want your body close to me  
And love, love,  
Love will set me free You get me higher  
Higher and higher  
You turn me up, got me losing my mind  
You light my fire  
Feel me desire  
Baby your loving is e-e-electrified Lo-loving is electrified No more control  
It's just our bodies touching  
Loose it on the floor  
Give in to the passion  
No more control  
It's just our bodies touching  
I just can't get enough  
I just can't get enough There's a spark in the air  
That's between me and you  
When you're around  
I don't know what to do Come on, come on don't deny  
Tonight's about you and i  
Get up, get up start the party  
Get up, get up let's get naughty I want your body close to me  
Cause baby, i need some company, yeah I want your body close to me  
And love, love,  
Love will set me free You get me higher  
Higher and higher  
You turn me up, got me losing my mind  
You light my fire  
Feel me desire  
Baby your loving is e-e-electrified Lo-loving is electrified No more control  
It's just our bodies touching  
Loose it on the floor  
Give in to the passion  
No more control

It's just our bodies touching  
I just can't get enough  
I just can't get enough You get me higher  
Higher and higher  
You turn me up, got me losing my mind  
You light my fire  
Feel me desire  
Baby your loving is e-e-electrified Lo-loving is electrified
