So Far

The Feelies

Whether we're on the phone listening to each other breathe
Or cuddlin' at home, it's like you don't feel me
We built a world of dreams but now it's fallin' all apart
And though you're here it seems, you're so far
You're so far, you're so far, you're so far
(You know what)
Although we stay in the same town, it feels like ya miles away
Though I saw you last night, it's like I haven't seen you for days
And every time that we speak, it's like we don't have nothing to say
(Damn, how did we end up this way)
I'm runnin' out of words, I'm runnin' out of things to do
(I'm tryna understand)
I'm tryna understand just why you're actin' brand new
(Why heart's hard)
Why ya heart's hard, why you won't let me through
And when I try to come close
(Why won't you let me reach you?)
Whether we're on the phone listening to each other breathe
Or cuddlin' at home, it's like you don't feel me
We built a world of dreams but now it's fallin' all apart

And though you're here it seems, you're so far
You're so far, you're so far, you're so far
Can you connect me again, 'cause somehow I fell out of range
And tell me what to wear, 'cause everyday your seasons change
I don't know what it is but I know that something is strange
(Can I get the old you in exchange)
For the open and honest guy you used to be
'Cause I don't know the one that's standin' in front of me
Could you bring him back, 'cause I never wanted him to leave
No, no, no, something's different, you're distant, love
Look, it's like this
Whether we're on the phone listening to each other breathe
Or cuddlin' at home, it's like you don't feel me
We built a world of dreams but now it's fallin' all apart
And though you're here, it seems you're so far
You're so far, you're so far, you're so far
You're so far, you're so far, you're so far
You're so far
