Warp Asylum

White Zombie

Been down yeah!
Well I look down and my mind blows away
The deep in the darkness illuminate
Beyond a million miles something slid up to my head
Circling around my eyes
And I said, "Smooth operator"
Said, "Get up, get up and outta here"
Smooth operator said, "Yeah"
Light bands the traffic thunder two blocks west of the rest
Tore away the bottom and saw life is a test
Well beyond million miles well I ricocheted through my head
One hand kill the other's crazy
What she said
Smooth operator said, 'Get up, get up and outta here'
Smooth operator said
Yeah, sail into night ghost ship a tripping
Struck by the plunge something to see
Yeah, bootleg the girl she's a looka
Pure is the fear that breaks away
Yeah straight to the sun
I am a walkin' state of the art
All that I see yeah, new gods move
Whippin' the shore and
Dash on the reef surf city
Yeah well I walk alone and stare, man
Right in the sun
Yeah a tear jerk asylum and a cemetery run
A cemetery run
How'd I ever get this far man?
The smooth curves, switchback the sweat
Underneath the body, baby
Where what you see is what you see
And what you get
