

# Electric Head

## Second Coming

Electric head  
Dizzy and red  
I think I'm on but I'm stupid again  
I wish I could keep that style  
Such a perfect style  
Then maybe chicks will dig me again  
Yeah, I'd like to keep that style  
A perfect head to let me get  
Buck wild  
Surface to blue  
The dead is in you  
My minutes are 2 so let me  
Get some  
I wish I could keep your face  
Such a perfect face  
Then maybe God will dig me again  
If it's all the same to you I give up  
I've never seen you in my life  
Does it hurt to see my pictures  
You can think that no good wife of yours  
Divorce? Of course!
