

# Wind On The Water

## Magna Carta

I've got no time for wasted words  
I see my life like an open book  
I take a look and wonder where I've been  
through all the lonely days  
you count the cost and turn the pages  
the story begins and ends with you  
lady with you and you know it's going to be forever  
as long as we're together too  
like the wind on the water  
Wind on the water  
I will fly right back to you  
There you stay so easy on my mind  
you make me smile you warm my day  
you calm me down  
you take my breath away  
my lover and my friend  
you read me well I ask no more  
in the dark and crazy hours  
you see me through and you know it's going to be forever  
as long as we're together too  
like the wind on the water  
Wind on the water  
I will fly right back to you  
and you know it's going to be forever  
as long as we're together too  
like the wind on the water  
Wind on the water  
like the wind on the water  
I will fly right back to you
