

# Missing You

Kenny Rogers

I live for the phone I die for the mail  
I took your picture right off the nail  
And put it right by my bed  
So, I could see you instead  
Of the darkness of night I hold conversations with you in my mind  
They only tighten this knot deep inside  
And the aching won't end  
'Til I hold you again, if I only survive Why did you have to go?  
Why am I missing you so?  
One heartbeat at a time  
I'm going out of my mind  
Missing you, missing you I started a letter, I stared at your name  
There wasn't a line that didn't echo my pain  
There was no sound at all  
But the slow lonely fall of an unspoken tear Why did you have to go?  
Why am I missing you so?  
One heartbeat at a time  
I'm going out of my mind  
Missing you, missing you Life may take us  
In different directions  
But I always end up deeper  
Deeper in my true affection Why did you have to go?  
Why am I missing you so?  
One heartbeat at a time  
I'm going out of my mind  
Missing you, missing you
