# One Way Ticket To Paradise

## Ian Brown

All this creation
Many many roads to your destination
None of these warmongers can really talk at all
So we'll see all that glitter isn't always goldThrew a dice came up as seven
Now I'm on my way to HeavenTwo situations never are the same
No two situations
I'm in seventh heaven, my place in the sun
Where I'll stay until I get to kingdom comeAll this temptation, all this desire
This celebration, baptism of fireThrew a dice came up as seven
Now I'm on my way to Heaven
I'm on a one way ticket to paradise
I got a one way ticket to paradiseThrew a dice came up as seven
Now I'm on my way to Heaven
I'm on a one way ticket to paradise
I got a one way ticket to paradise
I'm on a one way ticket to paradise
I got a one way ticket to paradise
