Transistor Rodeo

Sawyer Brown

Now she's waiting in the swing under the front porch light
The girls from work are going out tonight
All week long they've been making plans
Gonna look for love and find a man oh manAt the transistor rodeo they've got
Cowboys and cowgirls just for show
They ride 'em hard and they hold on tightAnd they dance and they dance
And they dance real slow
At the transistor rodeoExpectation was a none too great
They dance every dance and now it's getting late
They'll be back next week and try again
They want to dance the dance that never endsAt the transistor rodeo they've got
Cowboys and cowgirls just for show
They ride em hard and they hold on tightAnd they dance and they dance
And they dance real slow
And they dance and they dance
And they dance real slowAnd there's always a chance you can find it tonight
If you go where the lonely go
And you search every heart and you look in the eyes
And you know they come and they go, and they danceAt the transistor rodeo they've got
Cowboys and cowgirls just for show
They ride 'em hard and they hold on tightAnd they dance and they dance
And they dance real slow
At the transistor rodeoAt the transistor rodeo they've got
Cowboys and cowgirls just for show
They ride em hard and they hold on tightAnd they dance and they dance
And they dance real slow
At the transistor rodeo
