One Way Or Another

Absynthe Minded

A room full of peasants
Take a look at yourself
Have another cheap whiskey
Hanging out with the pricks

The disco is dumber
The people want hits
Well this is a shoutout
To all my friends

Let go the drama
And let go those pills
In a narrow panorama
No money's ever well spent

This girl makes it happen
She don't need no tricks
Just wash off the image
And burn down the bridge

One way or another
It don't really matter
I just gotta set my goals
And satisfy my soul

About time for a new view
About time for a switch

I don't want more suckups
I don't need more kicks

If you're scared of the real world
Or maybe against
Let me tell you I'm sorry
That you can't make no fist

One way or another
It don't really matter
I just gotta set my goals

And satisfy my soul

One way or another
It don't really matter
I just gotta set my goals
And satisfy my soul

One way or another
It don't really matter
I just gotta set my goals
And satisfy my soul

I just gotta set my goals
And satisfy my soul
