If I Had One Wish

Mary-Lu Zahalan

If I had one wish, boy I'd wish you next to me And it could be in summer, fall or spring, boy 'Cause you make my heart sing I wanna give my heart, my soul, my love to you Oh baby 'Cause every day I'm not with you I'm missing you like crazy I need for you to...

I need for you to love me (love me), hold me (hold me), touch me(touch me) Down deep in my soul, and never let it go Of the love we share, no one compares to you I'll never let you go 'cause I really love you so Oh I... I'll never let you go, oh no

you must know the truth, boy I'm nothing without you Its funny how I know what people mean boy, When it's too good to be true Because you give me joy, good love, good times, such happiness Oh yea And every day I thank the Lord for you, I feel so blessed I need for you to...

I need for you to love me (love me), hold me (hold me), touch me(touch me) Down deep in my soul, and never let it go Of the love we share, no one compares to you I'll never let you go 'cause I really love you so Oh I... I'll never let you go, oh no

If you only knew What you really do Ain't never had no one that does it quite like you do You could spend half a lifetime Trying to find one like you That's why I am so glad I found you I wished upon a star and it came true Darling, I need for you to...

need for you to love me (love me), hold me (hold me), touch me(touch me) Down deep in my soul, and never let it go Of the love we share, no one compares to you I'll never let you go 'cause I really love you so Oh I... I'll never let you go, oh no
