Get Nowhere

DJ Rell

You just sit around, sit around criticizing
Sit around analyzing, categorizing
Magnifying, magnifying all our blank expressions
Blank expressions gonna take you nowhereYou're not a failure, you're not a failure
You're not failing
Failure, failure, failure, failure
Failure, failure, failureDon't even try get nowhere, you can't succeed
Don't even try get nowhere
Don't even try get nowhere, you can't compete
Don't even try get nowhereYou just sit around, sit around criticizing
Sit around analyzing, categorizing
Magnifying, magnifying all our blank expressions
Blank expressions gonna take you nowhereTake me somewhere, take me anywhere
Take me out of here, somewhere out of here
Anywhere I don't care
Anywhere I don't careDon't even try get nowhere, you can't succeed
Don't even try get nowhere
Don't even try get nowhere, you can't compete
Don't even try get nowhereDon't even try get nowhere, you can't succeed
Don't even try get nowhere
Don't even try get nowhere, you can't compete
Don't even try get nowhereYou just sit on your fat ass complain
And you will rot
