Mexico

Leona Naess

Where there's wrong there's always right
And that's what's kept us on this road tonight
Sand as far as the eye can see
But ain't it funny how the world is just like you and meAnd come with me to Mexico
We can laugh at the love we used to know
Yeah, I'm ridden with a fear
But please answer when I call you dearMy friends think that we're all wrong
Another muse for another tragic song
But whoever wrote a plan
Was a fool when it comes to a woman and a manCome with me to Mexico
You can drive and I can take it slow
Yeah, I'm ridden with a fear
But please answer when I call you dearI should hate you but I don't
You should love me but you won't
Isolation is my plan
Woman's gonna make a manI should hate you but I don't
You should love me but you won't
Isolation is my plan
Woman's gonna make a manI should hate you but I don't
You should love me but you won't
Isolation is my plan
Woman's gonna make a manI should hate you but I don't
You should love me but you won't
Isolation is my planCome with me to Mexico
Stop listening to that damn radio
Yeah, I'm ridden with a fear
But please answer when I call you dearYou come with me to Mexico
You can drive and I can take it slow
Yeah, I'm ridden with a fear
But please answer when I call you dear
