

Enemy

Manuel Lauren & DESTINY

Chorus

The time is right, Iâ€™m your biggest enemy.
You will wish that youâ€™ve never met me,
And if you think that youâ€™ll fall badly.
Hey, hey, youâ€™ll be gonna make you crazy.

Verse 1

You think you're beautiful,
So indestructible.
With your sexy eyes you always hypnotize.
You think you get them all, blood cheeks stand and tall.
But you will never get me. Oh baby you will see.
You always take the chance, for a bad romance.
I impress a few and all the things you do.
Hey boy, come back to earth once, you get what you deserve.
Hey girl, it fucks your brain and drives you insane.

Chorus

The time is right, Iâ€™m your biggest enemy.
You will wish that youâ€™ve never met me,
And if you think that youâ€™ll fall badly.
Hey, hey, youâ€™ll be gonna make you crazy. X2

Verse 2

Your feelings overflow and you enjoy your show.
That donâ€™t impress me much, you have no human touch.
Some day you lose the game and it was not your fame.
That doesnâ€™t bother me cause now I'm feeling free.

Chorus

The time is right, Iâ€™m your biggest enemy.
You will wish that youâ€™ve never met me,
And if you think that youâ€™ll fall badly.
Hey, hey, youâ€™ll be gonna make you crazy. X2

Verse 3

Enemy, enemy.
You're my biggest ene-
Enemy, enemy.
You're my biggest ene-
Enemy, enemy.

You're my biggest enemy. Yeah.

Chorus

The time is right, Iâ€™m your biggest enemy.
You will wish that youâ€™ve never met me,
And if you think that youâ€™ll fall badly.
Hey, hey, youâ€™ll be gonna make you crazy. X2
