Evildoer

Suicide Commando

we are the slaves of the government leaders
we are the free but we're locked in a cage
we are inventors of the axis of evil
we're the invaders, start the new raid !be my evildoerwe are the slaves in the land of the free
who's the aggressor, is it you or just me ?
we are the victims in this war of the greedy
suffer in hell, why don't you hear me ?be my evildoer
