Stripper Song (feat. Krash Minati)

Doobie

Do me doobie...

Swerve
On and off the road
Swerve,
Im just(swerve)
Swerve, swerve
Im just(swerve)

Im in too deep,
I can't float
You don't really love me
I can't go,
We can dance a nice ring underneath rainbow
Drowin in a purple ocean cause we in the same boat

She like to put on my music and dance to it
Like a stripper she dance to it
The strippers all put on my music and dance to it
Yeah, but we already ran through em
She play my song and she dance to it
I pass her off just like Cam Newton
Play the song for the strippers, they, in that water feelin wet b

Dance to it
Dance to it(all of the strippers)
Gon dance to it(in that water feelin wet)
All of the strippers gon dance
Dance to it
Dance to it(all of the strippers)
Gon dance to it(in that water feelin wet)
All of the strippers gon dance

Im number one in that pussy
I feel like im Cam Newton
All i see is the stash
She told me to touch it
I rub it and she cum and my hands flowin like a bass to it
Now im kiss her tell yo man do it
I dont judge i might just let the man do it

She turn me on and she dance to it
Money in the air like a fan blew it
You were the one i could vent to
Who else would this letter get sent to
Now we dont even fuck
So i let her friends do it(yea i let her friends do it)
The end is enriched the shower glass aint big
But all of this is prove it
Life is a bitch but you was my sent to it(yea you was my sent to it)

She like to put on my music and dance to it
Like a stripper she dance
I like to watch it moving no hands
I wanna touch you but i cant
See get in the water feelin wavy
All she want is money or a baby
All she do is throw shade
I aint even fazed but i let my tan prove it

Im in too deep,
I can't float
You don't really love me
I can't go,
We can dance a nice ring underneath rainbow
Drowin in a purple ocean cause we in the same boat

She like to put on my music and dance to it
Like a stripper she dance to it
The strippers all put on my music and dance to it
Yeah, but we already ran through em
She play my song and she dance to it
I pass her off just like Cam Newton
Play the song for the strippers, they, in that water(swerve)

Dance to it
Dance to it(all of the strippers)
Gon dance to it(in that water feelin wet)
All of the strippers gon dance
Dance to it
Dance to it(all of the strippers)
Gon dance to it(in that water feelin wet)
All of the strippers gon dance

I wave goodbye to the sun as the night is young
I am it was using my finest gun shooting for all the stars

By this one the lightening struck by me
Three times theres three strikes
Then i swing by
I hit your girl at home plate
Sliding head first on base lines
Made a girl thats the dope game

Im in too deep(oh)

Two, Three
Cool sweets
I need room service fuck room service
I need a few services
Like two burgers im the best pig
And everyday is my time of the month but
I am your slut
Ive been lying but i aint in it
When i fight i win
Club play this song
And the strippers gon dance to it
They say they fuckin with doobie bans music
Play the song or the ballin so bears to it
In the air like a fan blew it
They say they fuckin when doobie bans movin
My rock fans like to jam to it
Molly poppin zans to it
You can see through these hoes like they trash

We can dance a nice ring underneath rainbows
Cause we in the same boat
So,
She like to put on my music and dance to it
Like a stripper she dance to it
The strippers all put on my music and dance to it
Yeah, but we already ran through em
She play my song and she dance to it
I pass her off just like Cam Newton
Play the song for the strippers they, in that water(swerve)

Dance to it
Dance to it(all of the strippers)
Gon dance to it(in that water feelin wet)
All of the strippers gon dance
Dance to it
Dance to it(all of the strippers)

Gon dance to it(in that water feelin wet)
All of the strippers gon dance

Do me doobie...
