

# I'm Not Happy

Ruben Studdard

It's that time of the year again  
I hate this time of the year  
Because you ain't here  
If I had to sum it up  
I would say it just like this The sun is out, the block is hot  
The club is jumping but I'm not happy  
No, I'm not happy, you know it, girl The girls are fly, they love my ride  
But I'm not smiling 'cause you're not with me  
No, I'm not happy There was a time when I would wake up  
I would see your face with no makeup  
So beautiful, I miss it so I would lay there thinking to myself  
I can share my life with nobody else  
I'm emotional, girl, I miss you so And even though the sun is out, the block is hot  
The club is jumping but I'm not happy  
No, I'm not happy, you know it, girl The girls are fly, they love my ride  
But I'm not smiling 'cause you're not with me  
No, I'm not happy My Friday nights, let me tell you what they look like  
Blockbuster home alone my movie night  
It used to be you and me I still gotcha picture hanging on my wall  
Last summer in the Bahmamas we had a ball  
Wish we could rewind, oh, girl when you were mine And even though the sun is out, the block is hot  
The club is jumping but I'm not happy  
Happy The girls are fly, they love my ride  
But I'm not smiling 'cause you're not with me  
No I'm I'm not happy When you hit it hope you, think about it what we used to do  
Baby girl, I'm sorry when you hit it  
Hope you think about it, what we used to do  
Baby girl, I'm sorry The sun is out, the block is hot  
The club is jumping but I'm not happy  
No, I'm not happy The girls are fly, they love my ride  
But I'm not smiling 'cause you're not with me  
No, I'm not happy, baby
