

# Shut Your Mouth

## Starflyer 59

After all you really stink it up  
And the lies that you tell  
I really think that you know  
Left your girl and you left your family too  
Things that you're never sure about  
Know that there's one thing I'll get through  
You've got it all worked out  
I wish you'd shut your mouth  
After all you really like just to never tell  
We really think that you'll burn in Hell  
I really think that you know  
Left your girl and you left your family too  
Things that you're never sure about  
Know that there's one thing I'll get through  
You've got it all worked out  
I wish you'd shut your mouth  
You've got it all worked out  
I wish you'd shut your mouth  
You've got it all worked out  
I wish you'd shut your mouth
