

# Motorcycle

## Remy Zero

Too much wine has crossed my mind and closed gates  
Shadows move all across my room in waves of late  
I almost think this table is alive  
Black motorcycles  
Nothing could go further in the dark  
Circle and cycle  
Now it's gonna change  
You say nothing stays the same  
Stay, I'm afraid  
I sleep all day  
A thousand hours are in your mouth  
I dreamed our learning  
And now it's time to dream our turning out  
Black motorcycles  
Nothing could go further in the dark  
Circle and cycle  
Now it's gonna change  
You say nothing stays the same  
Mmm hmm  
This is on, it can't be wrong  
Black motorcycles  
Nothing could go further in the dark  
Goodnight, sweet Michael  
And now you're gonna change  
You say nothing stays the same  
Free and wild, an amazing child  
You'll be my end
