## Kill the Sun

## **Xandria**

I am down at the water, my bare feet are numb And for aeons now nothing seems real Now it's hard to hold sight, through your soft eiderdown But I still got my hands on the wheelYou can rain down on me But you can't darken the sun You can cast a spell on the moon But you can't kill the sunYou have set my mind between worlds spinning 'round I'm a stranger in my universe But I see my sun and I know that it will Be forever shining on earthYou can rain down on me But you can't darken the sun You can cast a spell on the moon But you can't kill the sunYou can't kill the sun You can't kill the sun You can't kill the sunYou can rain down on me But you can't darken the sun You can cast a spell on the moon But you can't kill the sun, kill the sun
