

Lovers First

Jessica Hernandez & The Deltas

You said you would always be a friend
But lovers first is hard to follow
I'm begging you to reconsider
Making me your lover again
Not saying that I've got regrets
But my heart wasn't for the taking
But I'll let you keep it to consider
Making me your lover again And if the winter breeze comes and takes you away
Remember all those summer days
I begged for you to stay
I don't know what you're looking for
Maybe it comes with time
But if you come around again I said the writing wouldn't stop
But your life's words were hard to swallow
You said you don't consider
Making me your lover again
And I said I'll visit you come spring
But you didn't seem for taking
I won't move myself to consider
Putting myself again for you And if the winter breeze comes and takes you away
Remember all those summer days
I begged for you to stay
I don't know what you're looking for
Maybe it comes with time
But if you come around again
If you come around again Now time has pass
And let us came
From you just begging for my mercy
But I said you, leave, you must consider
That I won't be a damn fool again And if the winter breeze comes and takes you away
Remember all those summer days
I begged for you to stay
I don't know what you're looking for
Maybe it comes with time
But if you come around again
A lover you won't find
