I was wearing a stick-mask in a little playMiraculous, sad and wonderful
Gesturing in time with everyone little greek dramaWaiting backstage, waiting for my cue wondering, what if I forget what to do?
In my little greek dramaRings of black surround my eyes
Looking upwards, where are my lines? little greek dramaLoose grey clothes like fine granite
You are ionic but I am doric little greek dramaLittle greek dramaYou are my achilles heel
I never know how I should feel my little greek dramaWoeful weepy shakespeare tragedy
All belief suspending happy ending little greek dramaLittle greek drama
