

# Sooner or Later

## Breaking Benjamin

I want a normal life, Just like a newborn child  
I am a lover, hater, I am an instigator  
You are an oversight, don't try to compromise  
I love to, love to hate it, I am not integrated

Just call my name, you'll be ok  
Your scream is burning through my veins

Sooner or later your gonna hate it  
Go ahead and throw your life away  
Driving me under, leaving me out there  
Go ahead and throw your life away

Your like an infantile, I've known it all the while  
You shouldn't try to play me, just like you see on T.V.  
I am an oversight, just like a parasite  
Why am I so pathetic, I know you won't forget it

Just call my name, you'll be ok  
Your scream is burning through my veins  
Sooner or later your gonna hate it  
Go ahead and throw my life away  
Driving me under, leaving me out there  
Go ahead and throw my life away

Sooner or later your gonna hate it  
Go ahead and throw our life away  
Driving me under, leaving me out there  
Go ahead and throw our life away

Ee-oooh  
Throw our life away  
Ee-oooh  
Throw our life away
