

I Need Love

[Sam Phillips](#)

I left my conscience
Like a crying child
Locked the doors behind me
Put the pain on file Broken like a window
I see my blindness now And I need love
Not some sentimental prison
I need God
Not the political church
I need fire
To melt the frozen sea inside me
I need love Driving into town
Tired and depressed
Like a flare
The streetlight bursts an S.O.S Peace comes to my rescue
And I don't know what it means But I need love
Not some sentimental prison
I need God
Not the political church
I need fire
To melt the frozen sea inside me
I need love Broken like a window
I see my blindness now And I need love
Not some sentimental prison
I need God
Not the political church
I need fire
To melt the frozen sea inside me
I need love I need love
I need love
