

# Anywhere

## Dubstar

I'll be around anywhere  
Any place you want me  
Now I'll be around anywhere  
Any time I'm free In time the stakes will change  
Even persistence couldn't stay Now I don't mind  
Now I don't mind 'Cause I'll be around anywhere  
Any place you want me  
Now I'll be around anywhere  
Any time I'm free In time this place is mine  
You know the inspiration in my smile If I don't mind  
No, I don't mind 'Cause I'll be around anywhere  
Any place you want me  
Now I'll be around anywhere  
Any time I'm free I don't mind  
No, I don't mind  
Leave it all behind  
I don't mind You know the inspiration in my smile  
You know the inspiration  
You know the inspiration I'll be around anywhere  
Any place you want me  
Now I'll be around anywhere  
Any time I'm free I'll be around anywhere  
Any place you want me  
Now I'll be around anywhere  
Any time I'm free
