Pink Night

Jason Collett

Drunk again, six p.m.
Beautiful, ugly weekend
Stayin' out and sleeping in
Love it when my girlfriend
Calls me a cock sucking fagotWriting rock n roll lyrics
On the back of matchbooks
For garage ballads
Rock n roll, self reference
Sentimental decadence
Yes, a feel good rhymeI love a good cheap wine
And a friend with a free line
And I paint pink nightThanks for the rent, I'm a little behind
And the drugs you sent came just in time
I'll pay you back, I swear I may
It's never been easy and you know
How hard it gets sometimesBut I'm drawn to the light
In the reckless skyline
And I paint pink nightNo use to being ashamed
We're all just lost in flames
And I paint pink nightYeah, I'm drawn to the line
In the reckless skyline
But I paint pink nightI love a good cheap wine
And a friend with a free line
