

Shake the Disease

Depeche Mode

I'm not going down on my knees
Begging you to adore me
Can't you see it's misery
And torture for me When I'm misunderstood
Try as hard as you can
I've tried as hard as I could
To make you see
How important it is for me Here is a plea from my heart to you
Nobody knows me as well as you do
You know how hard it is for me to shake the disease
That takes hold of my tongue in situations like these Understand me
Understand me
Understand me
Understand me Some people have to be
Permanently together
Lovers devoted
To each other forever And now I got things to do
And as I've said before
That I know you have too
When I'm not there
In spirit I'll be there Here is a plea from my heart to you
Nobody knows me as well as you do
You know how hard it is for me to shake the disease
That takes hold of my tongue in situations like these Understand me
Understand me
Understand me
Understand me Here is a plea from my heart to you
Nobody knows me as well as you do
You know how hard it is for me to shake the disease
That takes hold of my tongue in situations like these Here is a plea from my heart to you
Nobody knows me as well as you do
You know how hard it is for me to shake the disease
That takes hold of my tongue in situations like these Here is a plea from my heart to you
Nobody knows me as well as you do
You know how hard it is for me to shake the disease
That takes hold of my tongue in situations like these
