Baby Walk On

Matraca Berg

Oh no, here we go, and there you go again,
When we disagree, you leave when you don't win
Honey, your sidewalk baby talk don't get it with me no more
The next time around the block when you go by my doorBaby, walk on till you're gone away
Walk on till you find someday
Goodbye goes a long, long way
So, so long, walk onGoodbye, baby, cry till you're singing the poor boy blues
This time I don't mind shining your walking shoes
Fresh ink in the pink, your papers are ready to sign
They'll both be waiting for you when you walk byBaby, walk on till you're gone away
Walk on till you find someday
Goodbye goes a long, long way
So, so long, walk onBaby, walk on till you're gone away
Walk on till you find someday
Goodbye goes a long, long way
So, so long, walk on, baby, walk on
