[Verse 1]
Twenty-two, I was made for you
Steel eyes and blinders too
We were right on track
To burn out fast
Winter moved along
Sun rays through a morning fog
No space or time
Just you and I
Tangled in sheets, while your body heat's
Keepin' me warm[Pre-Chorus]
And you were keepin' me warm through those nights
Where I left my life to the cold outside
You left your light on
Oh you let me shine on[Chorus]
When time was on our side
You and I suspended in that warm streetlight
And if you ever figure out this life
Keep tellin' me those sweet, sweet lies
Cause I don't wanna know
I don't wanna know
I don't wanna know[Verse 2]
You had me meet your friends
I never loved you more than when
We watched that game
Back at Andy's place
Pretending to give a damn
About coaches and quarterbacks
With your head in my lap
Now who could blame me for that?
Steel eyes stealin' my heart
Right from the start[Pre-Chorus][Chorus](2x)
