Take What You Want

Sense Field

This game seems to be the trend
You can say you've won
The nightmare's coming to an end
And I can see the sunI know that's you haunting me
Take what you want
I don't owe you anything
Take what you want
I don't owe you anything
I know I'm not wrong
I know what you want from me
Take what you wantTruth will rear it's ugly head
Now that the fight is on
Cruel and brutal words you said
Then you say you're done
You're way too smart for your own good
To let you have your fun
You've walked on me, it's understood
You've run my life too longI know that's you haunting me
Take what you want
I won't give you anything
Take what you want
I don't owe you anything
I know I'm not wrong
I know I'm not wrong
I know what you want from me
Take what you want
I won't give you anything
Take what you wantCover your face
Hide your eyes
And act like nothing's wrong
You'll need a better disguise
Though it won't be long
You always give yourself away
When you try to change your voice
But it's what you say and how you say it
That leaves me with no choice
But it's what you say and how you say it
That leaves me with no choiceI know that's you haunting me
I know I'm not wrong

I don't owe you anything
Take what you want
I won't give you anything
Take what you want
I don't owe you anything
I know I'm not wrong
