Closer

Splashh

Closer, come close to me
You're supposed to be close to me
Angry you're leaving
Your feelings on that streetTrust me and love me
Kiss me and crush me
There never comes a time
When your heart is on the line
So trust me and love me
Kiss me and crush me
There never comes a time
When you're not on my mindSurrender, the past
If you say, I can't live without you
Closer, now you're coming closer
Close to me, like you're supposed to be
Trust me and love me
Kiss me and crush me
There never comes a time
When your heart is on the line
So trust me and love me
Kiss me and crush me
There never comes a time
When you're not on my mind
