

Sleep Alone (feat. Soren Bryce) [Dulsae Remix]

black coast

[Verse 1]

I spent all last night alone
It came as a shock to those who love me
More than I myself
Every hour, I cried for help
I spent all last night alone
I thought this time I was done
With filling in the gaps and holes
Drowning out, I'm far too low[Pre-Chorus]
Could you come back home?
Be my melatonin?
Give me crazy dreams?
We're off in the morning

[Chorus]

Even though the door's closed, ah
You can still be my home tonight
I don't care if we're close...I
I just don't want to sleep alone...
Even though the door's closed, ah
You can still be my home tonight
I don't care if we're close...I
I just don't want to sleep alone...[Verse 2]

You spend every day alone
Pondering the ways in which to move
On with your milestones
Drowning out all the thoughts you love[Pre-Chorus]
Could you come back home?
Be my melatonin?
Give me crazy dreams?

We're off in the morning[Chorus]

Even though the door's closed, ah
You can still be my home tonight
I don't care if we're close...I
I just don't want to sleep alone...
Even though the door's closed, ah
You can still be my home tonight
I don't care if we're close...I
I just don't want to sleep alone...[Bridge]

Oh...oh, oh

Oh, oh[Pre-Chorus]
Could you come back home?
Be my melatonin?
Give me crazy dreams?
We're off in the morning[Chorus]
Even though the door's closed, ah
You can still be my home tonight
I don't care if we're close...I
I just don't want to sleep alone...
Even though the door's closed, ah
You can still be my home tonight
I don't care if we're close...I
I just don't want to sleep alone...
