Chorus: Sang by Anthony Hamilton

They say the grass is rarely greener
on the other side well I seen her
Look at this now I can't believe her
(x2)She betta than the last one
Look betta than the last one
Feel betta than the last one
Upgrade, Upgrade Ooohhh

Fonzworth Bentley:

Call her pholoney if you call her PH5
Press a button still gon have to wait a long time
My X was smart never thought I like the big girls
But once you get on top I swear it change your whole world

My favorite was the stainless steel, cookin in the kitchen
Heart is granted if I saw her probably be a rich one
No mo stains on the rug floor
This one got bamboo wood all over
Upgrade the game over

Chorus: Sang by Anthony Hamilton

They say the grass is rarely greener
on the other side well I seen her
Look at this now I can't believe her
(x2)She betta than the last one
Look betta than the last one
Feel betta than the last one
Upgrade Upgrade ooohhh

Fonzworth Bentley:

Never forget the day I met her
It was a friday just finished having breakfast
I was full but when I saw her stomach dropped like the top did
Cream on chrome with the the wood grain cock pit
Last one wrapped around a Paula crashed the up did
This one got soulmate from my mull after they broke it
Remind me of a super charged lawn mower
Cause she loud and she make sure it cut low

Chorus: Sang by Anthony Hamilton

They say the grass is rarely greener
on the other side well I seen her
Look at this now I can't believe her
(x2)She betta than the last one
Look betta than the last one
Feel betta than the last one
Upgrade Upgrade ooohhh

Fonzworth:

Some playas think greener be on green in they pockets
Some playas think greener is you aint wit this you cant
But most people assume that what you got is green for the money
it blows for the honey now you apparently show nuff green.
Should you freaks have it or it not its the only way you gonna get any action
